

# Albums & Books

## Flushmount Albums (14 day service)

Album pricing is inclusive of color corrected prints and album assembly. Our albums are based on a minimum of six pages (12 sides) and a maximum of twenty-five pages (50 sides). Your choice of traditional page thickness or a thinner contemporary page. While we offer various leather and silk cover options, we also have several specialty covers that include acrylic, metal, designer leather and two-tone leather covers. We also offer album design services that will save you hours of time in front of the computer.
